

Pierre Pierre Pierre

PORTFOLIO

LIVE SOLO - PIERRE PIERRE PIERRE since 2017

Fictive soundscapes, imaginary field-recordings, impossible ambient music and acoustic outliers, *Excursion au pays des Digiblobs* (Trip in the land of Digiblobs), is a concert of electronic music to listen in the dark.

Mixing audio synthesis hand made with coding software and lo-fi recordings, nothing to see on stage, everything happens in the ears and the head.

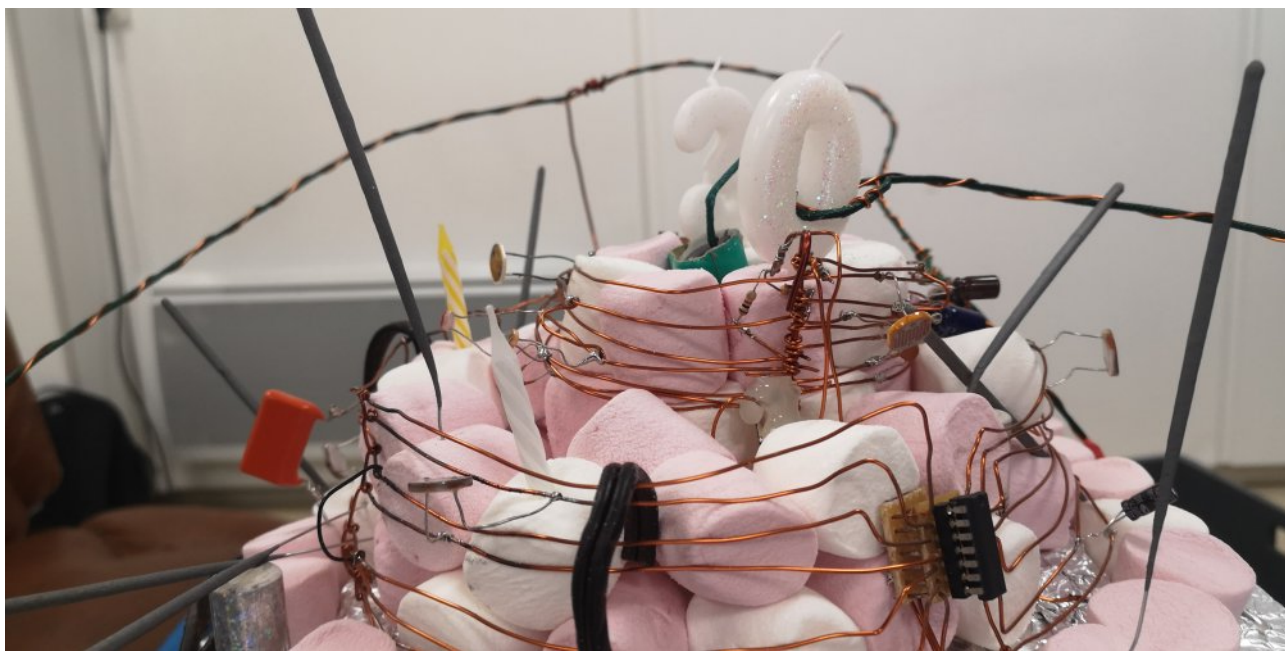

- *Live extracts*
- *Listen to the tape "Excursion au pays des Digiblobs"*

BOLO ELETRONICO

::: birthday cake made of marshmallows, handmade oscillators reacting to light, candles and fireworks

- 2018, on going

▶ [Video - Jogjakarta >>](#)

▶ [Video - Paris / Montreuil >>](#)

CAVE R(G)B

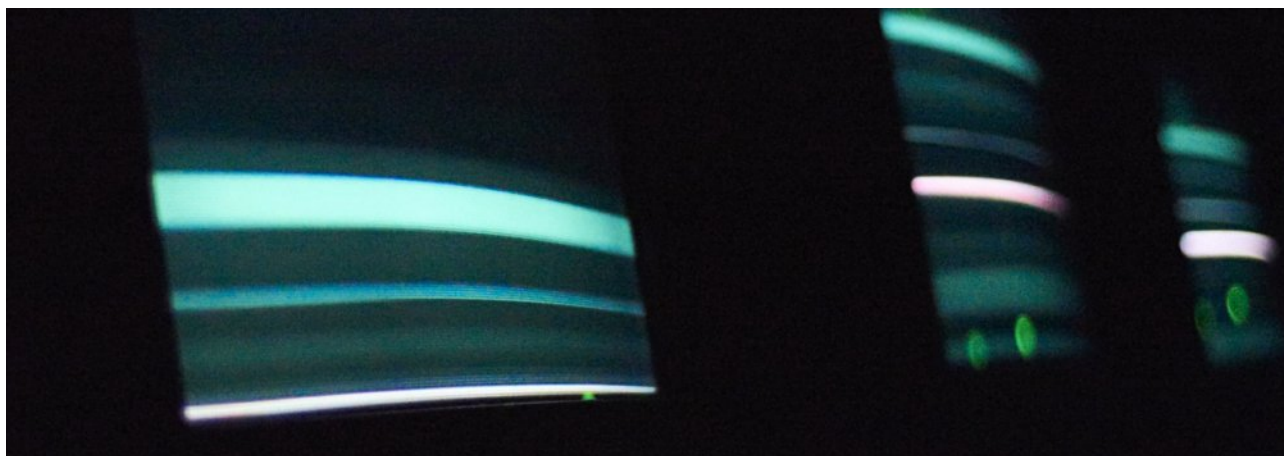

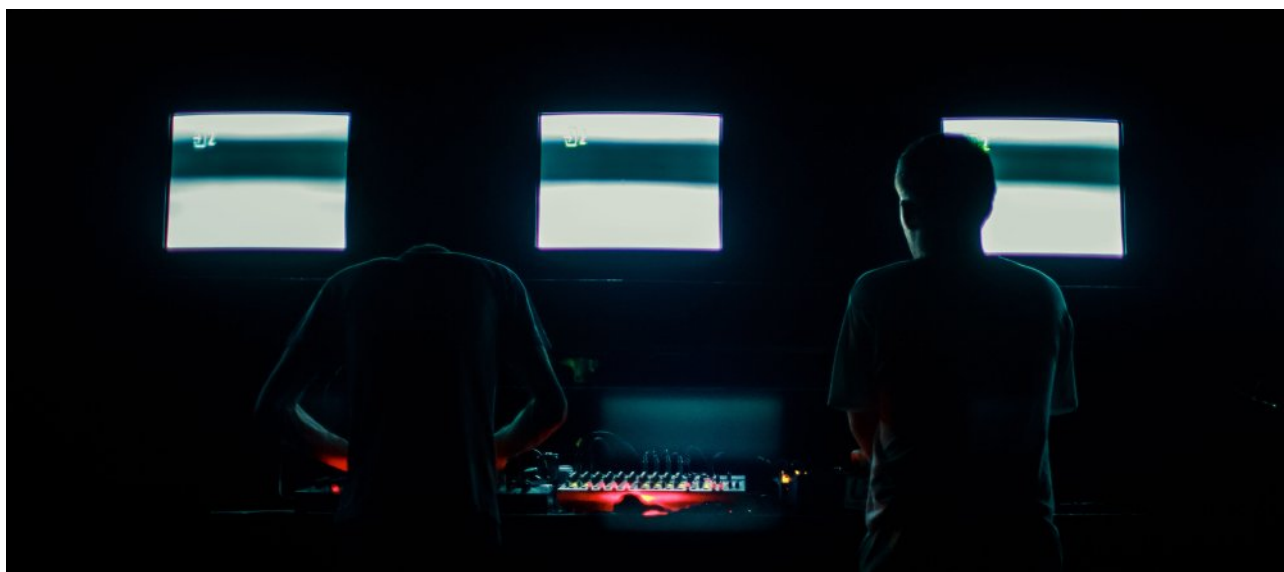

::: collective drawing and playing experience in a room covered with black paper or cardboard.

The public can draw on the walls with blue, red, or white markers. Or people can play a drum tom which turn all lights in the room from red to blue, animating the drawings.

- 2023, on-going
